## EXPERIENCE

**The Complete Web Developer 2018: Zero to Mastery**
*Full Stack Web Developer*                    *Feb. 2018 - May 2018*
Trained in the most relevant skill to create complex websites and applications. The apps we deployed included:
- a fully functioning image recognition app with RESTful API
- a "RoboFriends" app using React JS to create a repository of user information and search function capability
- HTML and CSS to create a startup landing page with RWD
- contributing developer to community based open source projects on GitHub

**853 Flower, Kaohsiung**
*Co-founder / Floral Designer*                    *Feb. 2017 - Present*
- talking to clients, listening to their needs and presenting ideas and solutions to their requirement
- maintaining positive customer relationship to ensure future sales

**Flower Time, Kaohsiung**
*Assistant Designer*                    *Sep. 2015 - Oct. 2017*
- talking to clients, making order correct and determining what they want
- setting up 3 international floral arrangement seminars in 2017
- being organized to keep on top of multiple orders and projects
